

TOOL WERKCONCEPT CRITICAL SKILLS

FORMAT: ACTIVITEITEN VAN HET ONTWERP PROCES

The design process

Use this template to plan all the activities you will need to do to fulfil your design brief.

Research

Define the problem, analyse the brief, investigate the theme, manage information

Activities

Create

Ask questions, generate ideas, use imagination, identify solutions, develop the design, solve problems, take risks

Activities

Evaluate

Ask questions, revisit the brief, judge value, modify, communicate, present

Activities
